

Questions for Caregiver Discussion

Print out and cut the questions into strips. Place the strips in a bowl or face down on the table for caregivers to take. Have caregivers volunteer to read their question and start the discussion.

Does your child ever question what you tell them to do? What are some ways of addressing that?

What kind of activities does your child initiate?

Does your child ever want to do things that you think are unsafe? How do we balance safety and independence?

Sometimes we disagree with our children. Does anyone have techniques for how to have a useful discussion with them?

Can you think of simple ways that we can demonstrate leadership to our children?

It can be hard to be involved in our communities. What barriers have you encountered? What opportunities have come up?
