

Questions for Caregiver Discussion

Print out and cut the questions into strips. Place the strips in a bowl or face down on the table for caregivers to take. Have caregivers volunteer to read their question and start the discussion.

Share some ways your child has shown curiosity about how things work.

How can we encourage children to experiment and attempt to find their own solutions?

What does your child like to play with? Are there ways we can encourage creative play?

What places do you recommend that allow children opportunities to explore and try things out?

How can we encourage our children to try to find solutions after a first attempt fails?

Does your child enjoy making things, or do they find it frustrating? What do they like to make?
